PROFESSIONAL SUMMARY

Certified Power BI Data Analyst with 3+ years of experience in SQL based reporting, business intelligence, and data visualization across finance and healthcare domains at Cognizant. Strong expertise in MS SQL Server, SSRS, Power BI and Azure data environments, delivering KPI dashboards, automated reports, and actionable insights for business stakeholders. Experienced as Technical POC and Data Analyst in cloud migration initiatives, performing data validation, performance analysis, and stakeholder reporting. Recently completed an MSc in Artificial Intelligence for Business, applying analytics and predictive modeling to real-world healthcare systems (**Stamp 1G Visa**).

PROFESSIONAL EXPERIENCE

Cognizant, Associate Engineer, Hyderabad, India

Jul 2024 – Dec 2024

Client: Optum Finance (United Health Group)

- Developed interactive Power BI dashboards using DAX measures, Power Query transformations, and Row-Level Security (RLS), enabling finance stakeholders to track KPIs and **reduce manual Excel-based reporting by 30%**.
- Performed SQL-based data analysis on finance datasets to identify reporting inconsistencies, validate business rules, and improve data accuracy for executive reporting.
- Created optimized SQL queries and views in Azure SQL to support reporting requirements and improve data retrieval performance.
- Automated 20+ Jaspersoft** and SSRS reports, ensuring timely financial reporting and compliance with strict SLA timelines.
- Collaborated with business users in Agile/Kanban environments to gather reporting requirements, translate them into dashboards, and deliver actionable insights.
- Conducted data validation and reconciliation between legacy systems and Azure platforms during migration to ensure reporting accuracy and data consistency.

Cognizant, Associate Engineer, Hyderabad, India

Oct 2023 – Jun 2024

Client: CareSource – BI Reporting 2.0

- Served as Technical POC and Data Analyst for migration from on-prem SSIS/SSRS to Azure-based reporting solutions, performing comparative data analysis and validating business KPIs across systems.
- Designed **Power BI dashboards** and SSRS reports to provide visibility into claims and finance operations across multiple U.S. states.
- Conducted gap analysis between legacy and modern reporting systems, identifying data discrepancies and ensuring alignment with stakeholder expectations.
- Built SQL queries and analytical datasets to support proof-of-concept (POC) validation for the **Modern Data Platform (MDP)**.
- Worked closely with cross-functional stakeholders to gather requirements, define KPIs, and translate complex data into clear visual reports.

Cognizant, Programmer Analyst, Hyderabad, India

Nov 2021 – Sep 2023

Client: CareSource – Reporting

- Developed complex T-SQL queries, stored procedures, and views to analyze high-volume finance and claims datasets, improving reporting efficiency and query performance.
- Designed and deployed 30+ parameterized SSRS reports** (drill-down, matrix, dynamic formatting) supporting multi-state healthcare business operations.
- Performed ad-hoc data analysis using SQL to support business decision-making and stakeholder reporting needs.
- Built ETL processes using SSIS to integrate data from multiple sources, ensuring accurate and consistent reporting datasets.
- Conducted data validation, and quality checks to maintain data integrity across reporting systems.
- Supported automated report scheduling and deployment through Git and CI/CD pipelines, ensuring seamless business reporting operations.

EDUCATION AND ACADEMIC PROJECTS

MSc in AI for Business, National College of Ireland, Dublin

Jan 2025 – Jan 2026

- Automated the **Leap Card student application process** using UiPath (RPA) with rule-based validation, CSV audit reports, email notifications.
- completed MSc research on Hybrid Ant Colony Optimization For Last Mile Delivery using ANN, KNN, and LSTM with Python and ML frameworks for last-mile delivery optimization.

Bachelor of Technology, Electronics and Communication Engineering, SRIN College, India

June 2016 – Nov 2020

SKILLS & TECHNOLOGIES

Cloud Skills

Azure Data Factory, Azure Databricks, Microsoft Fabric, Lakehouse, OneLake, Azure SQL, Power BI Service and Desktop, Data modeling, Event Streams, Data Activator, KQL Database, Lakehouse Medallion architecture.

Business Intelligence | Data Engineering

T-SQL, MS SQL Server, SSMS, SSIS, SSRS Paginated Reports, Power BI (DAX, Power Query), Tidal Automation, Jaspersoft, Rapid-Miner, ADF Pipelines, Databricks Workflows, ETL/ELT pipelines and batch processing.

Programming | ML

SQL, PySpark, Python, KQL (Kusto Query Language), NumPy, Pandas, Matplotlib, Scikit-learn, TensorFlow, Supervised, Unsupervised, Reinforcement Learning, Recommendation Systems, Feature Engineering, Model Evaluation, Feature Scaling, NLP, ANN, DNN.

Business Tools | DevOps

Jupyter Notebook, Google Colab, VS Code, Git, Databricks Workflows, ADF Pipelines, Tidal Automation, Jira, Confluence, Agile delivery (Scrum, Kanban), Data governance and risk compliance.

CERTIFICATIONS

- Microsoft Certified: Azure Fundamentals (AZ-900) | Microsoft | Dec 2024
- Microsoft Certified: Azure AI Fundamentals (AI-900) | Microsoft | Dec 2024
- Microsoft Certified: Power BI Data Analyst (PL-300) | Microsoft | Dec 2024
- Microsoft Fabric Data Engineer Associate (DP-700) | Microsoft | March 2026
- Supervised Machine Learning: Regression and Classification | DeepLearning.AI | Dec 2025
- Advanced Learning Algorithms | DeepLearning.AI | Jan 2026
- Unsupervised Learning, Recommenders, Reinforcement Learning | DeepLearning.AI | Jan 2026
- Oracle Cloud Infrastructure AI Foundations Associate (1ZO-1122-25) | Oracle | Sep 2025
- Programming for Everybody (Getting Started with Python) | University of Michigan (Coursera) | Aug 2025.
- 20+ Professional Courses in SQL, SSIS, ADF, Databricks, Power BI, PySpark, Fabric, kafka | Udemy · DataCamp · Coursera · Microsoft Learn | Ongoing

AWARDS & RECOGNITION

- Best Employee of the Project - Caresource MDP migration (2024).
- Emerging Talent Award (2023).
- "Working as One" Award (2022).
